Brand new copy (Deluxe Edition). UPDATE - this game has now gone live to Amazon US and Amazon UK This new version of Assassin's Creed: Brotherhood will be available to those who already own the game on December 8th. However, to celebrate the release of Assassin's Creed: Brotherhood, the entire game will be available to all those who pre-ordered the game until midnight on Tuesday, November 21st. The only difference between the new version and the original version is that the new version includes the incredible new content created by the Assassin's Creed Brotherhood development team. What's included: Two additional sequences of story that will completely change the way you will play the game New weapons, outfits and bonus mini-games New multiplayer Added multiplayer content previously released as a bonus to the game Added new puzzles to the game's main sequence, and, in certain points of the game, new mission objectives that will challenge you to think outside the box You will also be able to go back and play those sequences through again if you wish. EXCLUSIVE CONTENT The new version of the game includes: The "Brotherhood" story, added in a new sequence that will only be playable by those who have pre-ordered the game. In this sequence, you will play a young man who must liberate his mother from the Assassins. You will be able to play this sequence up to two times. A completely new sequence that was created solely for the new version. You will play a young woman who works as a thief for an organization that specializes in the sale and transport of stolen goods. You will be able to play this sequence up to two times. 10 minutes of extra movie footage 10 additional levels created in association with the development team The option to change your characters' outfits and appearance A few bug fixes ADDITIONAL GAME CONTENT In addition to the content mentioned above, the new version of the game includes the following content: Obligatory "online features", such as multiplayer and the ability to send e-mails. A new multiplayer mode. An interactive menu containing information on your profile and game statistics An extra level created especially for the new version of the game. And, in certain points of the game, new missions to 82157476af
